SIGN PURPOSE

Event:

Date:

SIGN LOCATION

Conditions:

1. Sign may be located on public property in any zone.
2. Sign must not obstruct traffic signs, street direction signs, or information signs; or block vision at any intersection (See 4, 5 and diagram below).
3. Sign must not obstruct access to or view of municipal gardens, points of interest and non-traffic related signage.
4. Sign must not be attached to lamp standard, telephone pole, power pole, municipal sign or municipal structure. Separate approval is needed to install banner(s) at specific locations.
5. Sign must be setback 3m or more from road edge, defined as space between curb and Right of Way limit.
6. Sign at an intersection must be located outside area defined by measuring 25m from centre of intersection along each intersecting road. See diagram below and/or *Kitimat Municipal Code* Section 9.10.5.

Sign near an intersection must be outside this area

SIGN DESIGN

Maximum Size: Sum of all sign faces may not exceed 3m^2 (about 32ft^2 or $4' \times 8'$). Sign may be up to 2.5m high (as measured from the ground).

Sign Form and Style: Sign on public property shall be freestanding, fixed to ground, independently supported and unilluminated. Freestanding signs may have one or two faces.

DURATION

Community activity signs may be displayed for up to thirty days.
