Approval No.: _____

Septic Sludge means treated septic tank pumpage and treated sewage sludge from a domestic source, but does not include Other Sewage Waste

IMPORTANT: This form is to be completed by a representative of the controlled waste generator. Complete sections that are applicable to generated waste, sign and date. Please attach any additional information (analyses, etc.) that describes the controlled waste. Send completed applications to waylesswaste@kitimat.ca
We are collecting your personal information under section 26(c) of the *Freedom of Information and Protection of Privacy Act* to verify that all materials accepted for disposal are compliant with our BC ENV operational permit. If you have questions about our collection of your information, please contact us at administration@kitimat.ca or at (250) 632-8900

The generator warrants that, to the best of their knowledge, the information provided on this Application is true. The generator acknowledges that, if the waste referred to in this Application is determined to be other than as represented in this Application, the generator, at their sole expense and risk, will attend such place as the material is located and remove the material immediately upon instruction from the District of Kitimat to do so. Failure to remove the waste will entitle the District of Kitimat to deal with the waste in the manner they consider appropriate in the circumstances, at the sole expense and risk of the generator. Source of material must be from within the district service area. One source per load.
