

# Contractor Engagement Questionnaire

for the

## Haisla Bridge Replacement Project

The District of Kitimat is pleased to invite firms interested in leading a Design-Build team for the upcoming Haisla Bridge Replacement Project to respond to a questionnaire.

### Purpose of the Questionnaire

The purpose of this Contractor Engagement Questionnaire is to obtain feedback from a wide range of contractors on the proposed approach to the procurement of this Project.

Contractors are advised that this questionnaire is not a procurement process, nor will it form part of the proposed competitive selection process for the Project. As such, participation in this questionnaire and the information provided by contractors will not be used to select qualified participants, nor will it be included in the subsequent evaluation of participants during the proposed competitive selection process. Contractors' responses to the questionnaire and, if applicable, subsequent interviews or dialogue which may take place during this engagement, will not influence participants chances during the proposed competitive selection process for the Project.

### How to Participate

To participate in the questionnaire, please follow the steps below.

- (1) Email Samuel Anderson ([sanderson@collingsjohnston.com](mailto:sanderson@collingsjohnston.com)) to receive a copy of the questionnaire.
- (2) Read and fill out the questionnaire by **June 22, 2020**. Questionnaires returned after this date will be accepted but may not be considered.
- (3) Responses should be completed in an MS Word or MS Excel document and emailed to Samuel Anderson ([sanderson@collingsjohnston.com](mailto:sanderson@collingsjohnston.com)).
- (4) Following receipt of questionnaire responses, specific contractors may be invited to an online meeting or telephone call with the District's Project Team to discuss the responses and to provide further clarity, as needed.
