REQUEST FOR PROPOSAL

CON #400 - DoK Water System Upgrade

Package A - Hypo-Chlorinator & Water Conditioning Design-Build

The District of Kitimat (DoK) has completed a desktop assessment of the existing water system to support future planning and funding opportunities to upgrade the water system. As a result of this assessment, the DoK invites proponents to submit a Proposal for the design-build of a chlorinator upgrade project and associated works.

The DoK is seeking to upgrade their water treatment facility by changing the water treatment method from gas chlorination to hypo-chlorination. This will take place at two locations in Kitimat: The Pre-Chlorination Building and the Cable-Car Building. This will take place under work package A1. The drawing package A1: Hypochlorite attached to this report shows additional information on this work scope. A soda ash water conditioning system will also be installed at the Pre-Chlorination building to increase water pH levels. This will take place under work package A2. Proponents responding to this invitation will submit proposals describing in sufficient detail the technical and financial aspects of their plan to meet the formal and technical requirements specified herein.

A pre-proposal meeting and site tour will be held at 1:00 pm Pacific Time on August 18th, 2021 at the DoK pre-chlorination building. Attendance at the pre-proposal meeting and site tour is optional.

Submissions with '**RFP – DoK Water System Upgrade – Package A – Hypo-Chlorinator & Water Conditioning Systems Design-Build**' as the subject line will be accepted in PDF format, via email up to August 31, 2021 at 2:00 p.m. Pacific Time (local time). Submissions are to be directed to:

Alex Ramos-Espinoza
Director of Engineering
District of Kitimat
270 City Centre
Kitimat, BC, V8C 2H7
Email: engineering@kitimat.ca

Please note: Maximum email file size limit is 20MB or less. The DoK will not be liable for any technological delays of submissions. Proposals delivered in-person or by facsimile will not be accepted. Proposals will not be opened in public.

All correspondence, including inquiries regarding this Request for Proposal and Proponents questions shall be emailed to:

Kevin Carlson, District of Kitimat, 270 City Centre, Kitimat, BC, V8C 2H7
