

# Request for Proposals

## Landfill Permanent Scales

### CON#419

Issue Date	Thursday, June 9, 2022
Submission Time	2:30 PM (Pacific Standard Time)

The District of Kitimat (the “District”) requests Proposals to supply, deliver, and install and calibrate two 40ft x 11ft 100 tonne truck scales complete with all necessary connections and appurtenances at the Kitimat Landfill located 6.5km north of Kitimat off Highway 37.

A residential curbside collection program was implemented in 2021 to divert food waste and packaging and printed paper on behalf of Recycle BC. The District is currently renting a single truck scale for this program that is being operated at a temporary location until the permanent scale facility is constructed.

The tender to complete the civil works, scale foundations, scale house supply, utilities, and asphalt paving for the permanent scales is currently on BC Bid and closes on June 30, 2022 with a substantial completion date of September 2, 2022. This RFP shares the September 2, 2022 completion deadline to have both truck scales installed, calibrated, and ready for operation.

The Contact Person for this RFP is:

Holly Thomopoulos (engineering@kitimat.ca)
