A Marvel of Nature and Industry

District of Kitimat Events Postponed

March 13, 2020 – It is recommended by health officials at this time for the public to take extra precaution and avoid large gatherings. As a result, the District of Kitimat is taking **precautionary** prevention measures and will be postponing the following events:

- Annual Spring Craft Fair (April 4)
- Multicultural Festival (March 21)

The District of Kitimat and the Haisla Nation have also jointly decided to postpone the Kitamaat Open Basketball Tournament which was scheduled for April 3rd to 5th.

These events do not allow for recommended “social distancing” and may be rescheduled at a later date if circumstances permit.

The District will continue to closely monitor the situation, engage in proactive prevention measures, as well as liaise with other agencies, organizations, and communities.
