

# District of Kitimat

## COVID-19 Community Update

March 20, 2020

The District of Kitimat is taking the threat of COVID-19 very seriously. We are closely monitoring virus developments.

The District has enacted proactive operational measures to mitigate and minimize the potential transmission of COVID-19. Some of the key mitigations that have been enacted include:

- **All District facilities and offices are closed to the public**
  - appointments can be made in some circumstance
- **All District playgrounds are closed to the public**
- **Public transportation is free for all users**
  - operating regular services
- **Many District employees are now working from home**

The District of Kitimat will continue to monitor COVID-19 developments, re-assess operational practices, and make any necessary operational measures to minimize and mitigate the transmission of COVID-19 in our community.

We will continue ongoing, up-to-date communications for the community through Official social media pages, [www.kitimat.ca](http://www.kitimat.ca), and periodic print communications.

For the health, safety, and well-being of community residents and guests, the District of Kitimat implores you to take the following measures:

- **Practice social distancing**
- **Take every recommended precaution**
- **Only follow official sources of information**
- **Do not engage in panic buying or hoarding**
- **Be kind and compassionate during these trying times**

**Please stay safe, help each other out, and wash those hands!**

**KITIMAT**  
A Marvel of Nature and Industry
