

**KITIMAT**  
A Marvel of Nature and Industry

## **BARRICADES REMOVED FROM DYKE ROAD**

**April 14, 2020** – The barricades that were installed off of Dyke Road, on April 9, 2020, to prevent vehicular travel to the riverbank have been removed. Vehicles are now able to access the riverbanks; however, these areas will be monitored to ensure that physical distancing is being practiced at all times. The public is reminded to practice physical distancing at all times when recreating outdoors in the District of Kitimat.

Let's work together to ensure that we can all  
**SAFELY** enjoy our community's natural assets!
