Application Requirements for Temporary Construction Trailers:

- Site Plan showing dimensions from trailer to property lines and to existing buildings
- CSA Stamp – the trailer must be built to the current CSA Standard and bear this identification (supply the details or a photograph of the stamp); be certified structurally safe for use – supply Letters of Assurance (Schedule B) by a structural engineer
- Ramps, stairs, handrails and guards conforming to the *BC Building Code*, including handrail detail, tactile warning, slip resistance surface and contrasting nosing
- Spatial separation from existing buildings and property lines must be considered;
- A written statement of intended use and the duration of use
- Water and sanitary location/connection plan is required if a washroom is provided
- A bond of \$500 to ensure the trailer is removed and the site is left clean (required at permit issuance)

In consideration of the granting of the above application, I hereby agree to conform to the requirements of all pertinent statues and bylaws, and do further undertake to remove said trailer from said property immediately upon or prior to the expiration of said permit.
