Subdivision 1 - General (Continued)

- 9.4.1. 3. Subject to all other regulations, buildings, structures, and uses in Residential Zones shall comply with regulations in this Division.

Buildings on Site

4. Not more than one principal building shall be permitted on a property occupied by a detached or semi-detached dwelling.
5. A principal building shall be set back from property lines to provide required yards in accordance with Part 9, Division 4, Subdivisions 3 to 14.
6. Notwithstanding the provisions of Part 9 Division 4, Subdivisions 3 to 14, all buildings on a corner site shall be set back 4.5m or more from property lines that adjoin a street; and the principal building shall be set back 2.0m or more from all other property lines.

Accessory Buildings and Accessory Structures

7. Accessory Buildings and Accessory Structures may be erected in a required side or rear yard provided:
- a yard of 1.2 m or more, as measured from eave to property lines, is maintained;
 - the height of the accessory building or accessory structure with a gable, hip, gambrel, or mansard roof does not exceed 4.9m;
 - the height of the accessory building or accessory structure with a flat roof does not exceed 4.3m; and
 - the height of the accessory building or accessory structure does not exceed the height of the principal building.

Subdivision 1 - General (Continued)

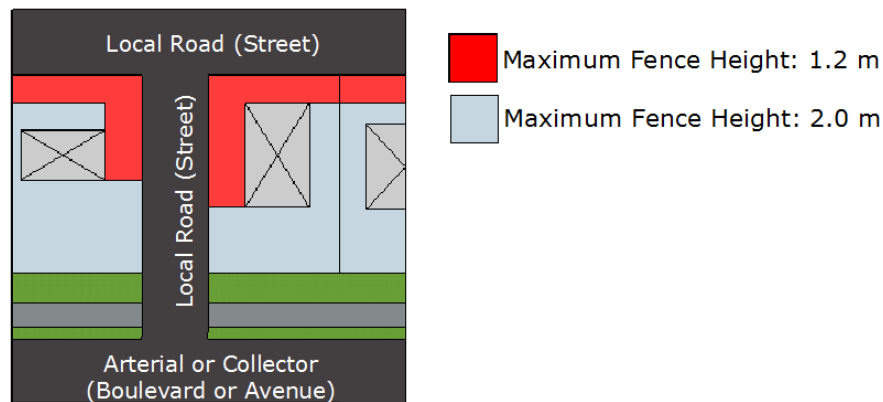

8. A garage or carport contiguous to a corresponding structure of similar design on the adjoining lot may be erected in a side yard.
9. Accessory Buildings and Accessory Structures constructed within the Permissible Building Area may be no more than 9m high provided the height of the accessory building or accessory structure does not exceed the height of the principal building.
10. A patio 0.6m or less above natural grade may be erected in any yard.
11. A private swimming pool, paddling pool, pond or other water feature deeper than 0.5m may be located in a required rear or side yard and must be enclosed on all sides by a fence of 1.8m or more. Fence design and location shall be approved by the Building Inspector and all gates provided with a locking device.
12. Shipping Container, Permanent, shall be painted or screened from road and abutting properties or parks.
13. Development Permit is required for any accessory building(s) on a multi-family zone property; permit term for temporary shipping container(s) will be six months or duration of construction.

Projections on Buildings

14. No sills, belt courses, cornices or eaves shall project more than 0.6 metres into any required yard.

9.4.1. Fences

15. No fence located within a required front yard of 4.5 metres shall be higher than 1.2 metres.
16. The maximum height of other fences within required yards shall be 2 metres.
17. Where a lot intersects two local roads ("Street"), a fence up to 1.2m high may be maintained along frontage and the side yard abutting a road from the front yard to the rear of the dwelling, as shown below. Line of Vision must be maintained as per Part 9 Division 10 Subdivision 5.

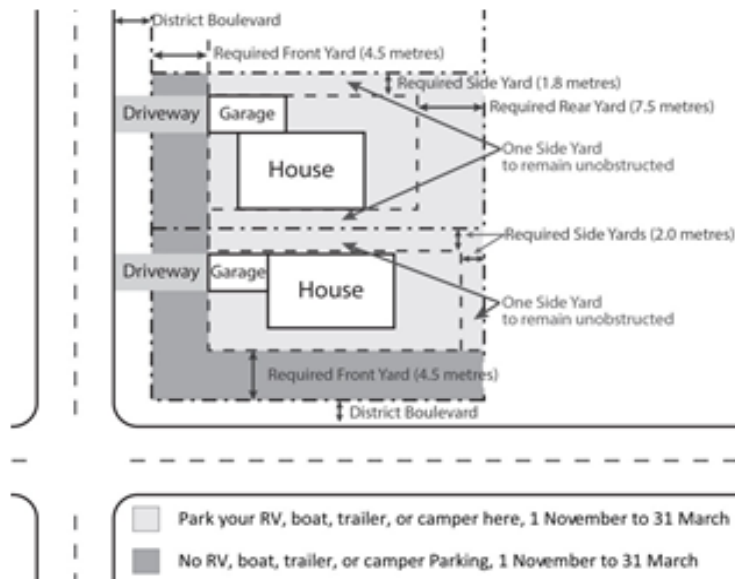

18. Where a lot abuts an arterial (“Boulevard”) or collector (“Avenue”) road, a fence up to 2.0m high may be maintained along a side or rear yard. Line of vision must be maintained as per Part 9 Division 10 Subdivision 5.
19. No fence which is on a corner lot shall contravene the provisions of 9.10.5.
20. The maximum height of any fence which is not located within a required yard shall be 3 metres.

Parking Prohibition

21. No person shall use a residential property for parking or storing any commercial vehicle which has a gross vehicle mass in excess of 3700 kg except for loading and unloading of goods.
22. No industrial or commercial equipment shall be parked or stored on residential property except during normal working hours when the equipment is actually engaged in the construction, repair, servicing or maintenance of the premises.
23. There shall be no more than three motor vehicles parked on any registered lots in R1-A, R1-B, R1-C, R2-A and R2-B zones.
24. No more than one private recreational vehicle shall be parked or stored on a residential lot between April 1 and October 31 of a particular year.

Subdivision 1 - General (Continued)

- 9.4.1. 25. No more than one private recreational vehicle shall be parked or stored on a residential lot between November 1 of a particular year and March 31 of the following year, provided that the vehicle in question is parked or stored inside the permissible building area or on permitted access inside property line, and one side yard of 1.8 metres or more is unobstructed. See diagram below.
26. Mobile structures with no motive power of their own and without restricting the generality of the foregoing, including boats and trailers, not exceeding 6.5 metres in length, may be parked or stored provided that in R1-A, R1-B, R1-C, R2-A, R2-B zones their number shall not exceed two per lot provided that between November 1 of a particular year and March 31 of the following year the structure in question is parked or stored inside the permissible building area or on permitted access inside property line, and one side yard of 1.8 metres or more is unobstructed.
