**Subject:** Deviant Fibres Location

Hello Lani,

I will not be attending the council meeting when the Deviant Fibres application is discussed.

However, I would like to provide comment to you that this is not the location for a cannabis retail outlet as it is the major gathering area for BC transit. As it is right now, the entrance to the mall is not very inviting, dirty and sometimes intimidating to enter the mall or to wait for public transit.

We need to be encouraging more people/families to be taking public transit. A cannabis retail store positioned across from a liquor retail store should not be allowed, especially if this is the main gathering area for public transit.

Sincerely,  
Lis Stannus
