PUBLIC NOTICE

Disposition of Interest in Municipal Property

In accordance with Section 26(1) and (3) of the Community Charter, the Council of the District of Kitimat (the "District") gives notice that it intends enter into agreement for use of municipal land. The entity that may gain interest in land or a municipal property, the site, nature and term of the proposed disposition, and consideration to be received by the District of Kitimat is provided below.

A Public Handbook containing information is available for review at the *District of Kitimat* office, 270 City Centre, Kitimat BC and at www.kitimat.ca/pn. Office hours are 8:30am to 5pm, Monday to Friday (except statutory holidays). To comment or request more information, please: e-mail Planning@kitimat.ca; call Community Planning & Development at 250-632-8900.

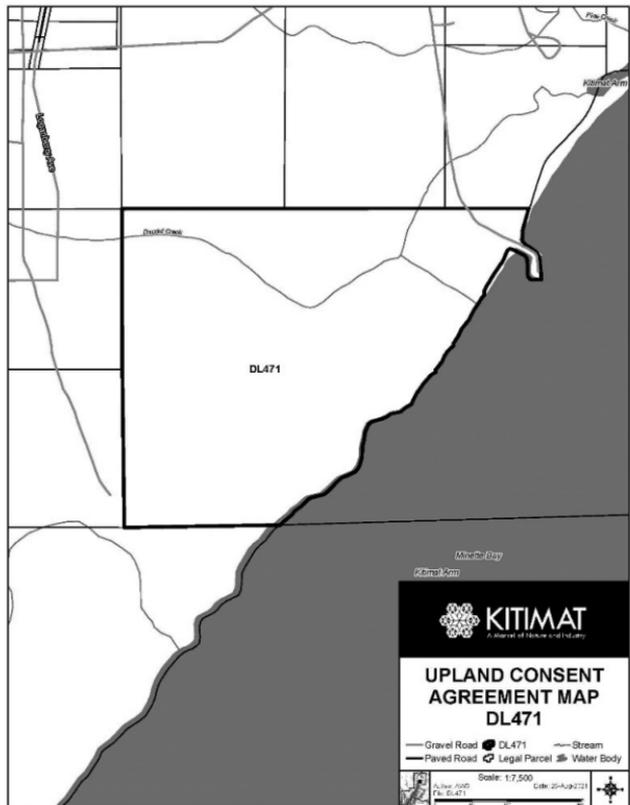

Upland Owner's Consent Agreement – LNG Canada and Ministry of Forest, Lands, and Natural Resource Operations, and Rural Development (FLNRORD)

FLNRORD seeks municipal approval for LNG Canada to cross municipal land and roads (e.g., Minette Bay Park, PID 011-683-881, DL 471) for purposes of monitoring salt marshes after construction is complete. LNG Canada needs permission use DL 471 to access the salt marsh for monitoring purposes.

The salt marsh site itself is regulated through a Licence of Occupation for LNGC that is approved by FLNRORD. To confirm access over DOK land, FLNRORD requires an Upland Owner's Consent Agreement to be approved.

A previous agreement was approved in 2019 were between the DOK and LNGC, for the use of DOK land during salt marsh construction. LNGC's Licence of Occupation with the province was for two years starting in 2019 until construction is complete. At the time, the DOK approved the licence for up to 15 years, which was intended to cover the anticipated monitoring period.

LNGC has applied for a new Licence of Occupation with FLNRORD, that will allow monitoring over the 15 years after construction. Given the lapse of two years during construction since the DOK agreement was signed, FLNRORD is requesting an updated agreement for the full 15 years starting in 2021.
