December 4, 2018

To whom it may concern,

The Kitimat CDC is writing this letter in support of the Tamitik Status of Women's Second Stage Housing Project.

We understand that this project would be located in what is commonly known as Strawberry Meadows. This location is well suited for the services provided by TSW including the proposed second Stage housing project as it will be situated adjacent to the hospital and within easy access to all downtown services.

Sincerely,

Marianne Hemmy
Executive Director
