To mayor and council.

My name is John De medeiros. I live at 16 cranberry st. Kitimat B.C.

I'm writing to you today to inform you I'm opposed to the project that the tamitik status of women have planned for 461 Quatsino Blvd. Lot 13

I'm Not in favor of this building going into residential area. (strawberry meadows) I have built my dream home there. This was Not in the plan when I bought my property and invested hundreds of thousands of my hard earned money. To build my forever home there. I want to retire here. This project is directly in my back yard.

The district is turning my dream into a nightmare by allowing this type of business in a residential area. Originally not in the town plan. Or the plan of this area.

It should be over in the hospital area where it was planned. why did the administration from the hospital not want it over there. And why did the hospithospital push it into a residential area.

John De Medeiros
