Dear Kitimat Mayor and Council,

We own property in Strawberry Meadows and are not pleased to learn of the anticipated/proposed project that is to be developed at 461 Quatsino Blvd. This choice of location is completely unnecessary, given all of the other possibilities within Kitimat that could be utilized.

Why is this location being pursued?

Why was there no direct, clear, continuously-updated communication provided to all property owners within Strawberry Meadows, for appropriate review and discussion?

We absolutely do not support this development establishing itself in a beautiful, RESIDENTIAL community, such as Strawberry Meadows.
