Date Jan. 22 2019

Tamitik Status of Women,

Kitimat General Hospital Foundation

Mayor and Council of Kitimat

Property owners directly affected by the current location.

Please respectfully accept this as an invitation to a meeting with the residents of Strawberry Meadows and others affected, to try and come to an amicable solution regarding the problems at hand.

A resolution is possible through respectful dialog that could result in a peaceful conclusion that would benefit all parties involved.

This focus of this meeting is to explore the known alternate locations that will save hundreds of thousands of Kitimat's tax dollars. This meeting is different than an open house in that we are after a decision from council based on the needs of affected parties.

Please attend with an open mind and positive input Jan.27.19 at 8 PM Riverlodge.

Thank you

The residents of Strawberry Meadows

Mr. Kearley sent a second  
e-mail requesting time  
reference be "7 PM" not  
"8 PM"

MW.
