Subject: Zoning Bylaw 1919

To Council

For consideration; zoning bylaw 1919 should include G4 Recreation.

The properties in G4 are primarily owned by the city but my property at 163 Konigus Street is G4 as well.

It is well suited for the intended requirements being set up by provincial, federal and municipal laws.

I only wish not to be excluded in this bylaw.

As a taxpayer with commercial property zoned for recreational use, I feel I should have this business option should I so decide.

Respectfully submitted,

Rick Thompson.
