

District of Kitimat COVID-19 Community Update

March 23, 2020

Today, Provincial and Federal representatives delivered a strong message to the public.

“ENOUGH IS ENOUGH. GO HOME, AND STAY HOME.”

Confirmed COVID-19 cases in our province and country continue to increase daily. Many Canadians are still not taking recommendations of social distancing seriously.

The experts are instructing everyone:

- Stay at home, whenever possible.
- If you have to leave your home, ensure you are using social distancing and proper hygiene preventions practices.
- Help each other out.

The Corona Virus pandemic continues to spread across the globe, and is causing a tremendous amount of un-wellness and death.

Together we can act to prevent the spread of Corona Virus in Kitimat.

PLEASE DO YOUR PART!
