

# Wipes Clog Pipes

## Do Not Flush Your Wipes

In recent response to COVID-19, many people have opted to purchase 'flushable' antiseptic wipes or similar products.

**Please, do not flush these items down the toilet. These products should be disposed of in your regular garbage.**

These products do not disintegrate as quickly as regular toilet paper, and have been responsible for numerous clogged sewers in North America.

Thank you for doing your part in helping prevent clogged sewers in Kitimat.
